#### Choice

Of the 220 students who placed after their participation in a match program in 2019, 216 placed into a residency program. Twenty-five students (12%) opted not to answer a survey question about if their placement was their first choice or one of their top three choices. Of the 191 students that responded, 96 (50%) stated that their placement was their first choice and 58 (30%) stated that their placement was one of their top three choices. Only 37 (19%) students responded that their placement was not one of their top three choices.

#### Choice

Of the 104 students who placed after their participation in a match program in 2019, 101 placed into a residency program. Seventeen students (17%) opted not to answer a survey question about if their placement was their first choice or one of their top three choices. Of the 84 students that responded, 52 (62%) stated that their placement was one of their top three choices. Only eight (10%) students responded that their placement was not one of their top three choices.
