Legislative History of the Clery Act

The Student Right to Know and Campus Security Act (Public Law 101-542) was signed into law by President Bush in 1990 and went into effect on Sept. 1, 1991. Title II of this act is known as the Crime Awareness and Campus Security Act of 1990. This act amends the Higher Education Act of 1965 (HEA) by adding campus crime statistics and reporting provisions for postsecondary institutions. It requires the disclosure of crime statistics for the most recent three years, as well as disclosure of the institution's current security policies. Institutions are also required to issue timely warnings when necessary. All public and private Title IV eligible institutions must comply with the requirements of this act, which is enforced by the U. S. Department of Education (DOE).

This law was amended when Congress enacted the Campus Sexual Assault Victim's Bill of Rights as part of the Higher Education Amendments of 1992 {Public Law 102-325, Section 486(C)}, giving victims of sexual assault on campus certain basic rights. In addition, institutions are required to develop and distribute a policy statement concerning their campus sexual assault programs targeting the prevention of sex offenses. This statement must also address the procedures to be followed if a sex offense occurs.

The most recent version of this law was passed as part of the Higher Education Amendments Act of 1998 {Section 486(e) of Public Law 105-244}. The official title under this act is the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act {20 U.S.C.1092(f)}. On Nov. 1, 1999, DOE issued the final regulations, which went into effect on July 1, 2000. The amendments require DOE to collect, analyze, and report to Congress on the incidences of crime on college campuses. The amendments also expand the requirement of the Student Right to Know and Campus Security Act of 1990 that all institutions of higher education participating in the federal student aid programs must disclose to students, faculty, staff, and, upon request, prospective students, and information regarding the incidence of crimes on campus as part of their campus security report.

The 1998 amendments made several changes to the disclosure requirements. Among these changes were the addition of two crimes (Arson and Negligent Manslaughter) and three locations (non-campus buildings or property not geographically contiguous to the campus, and public property immediately adjacent to a facility that is owned or operated by the institution for education purposes) that schools must include in the reported statistics. Institutions that have a campus security department are required to maintain a daily crime log that is available to the public.

Violence Against Women Act (VAWA)-Policies, Procedures, and Resources

The Clery Act was further amended by the Violence Against Women Reauthorization Act of 2019 (VAWA) to require institutions to compile and report statistics for additional crimes and incidents of dating and domestic violence and stalking reported to campus security authorities or local law enforcement agencies, as well as to adopt policies to address these matters.

If a report of sexual violence is received by WesternU, the university will take prompt and effective steps to end the sexual violence, prevent its recurrence, and address its effects. This section identifies the policies, procedures, and resources available for incidents of sexual violence.

Annual Security Report (ASR)

Western University of Health Sciences (WesternU) Oregon's Annual Security Report includes statistics for the previous three years concerning reported crimes that occurred on-campus; in certain off-campus buildings or property owned or controlled by WesternU Oregon; and on public property within, or immediately adjacent to and accessible from, the campus. The report also includes institutional policies concerning campus security, such as policies concerning sexual assault, and other matters.

This report is prepared in cooperation with the local law enforcement agencies surrounding our main campus, Campus Security, Title IX Office, and University Student Affairs. Each University entity provides updated bi-annual statistical information on their crime stats and their educational efforts and programs to comply with the Clery Act.

Campus crime, arrest and referral statistics include those reported to respective local law enforcement agencies, the Campus Security Department, and other designated Campus Security Authorities (CSA's) as defined below.

You can obtain a copy of this report by contacting the Campus Security Department 909-706-3000, or by accessing [Annual Security Report](#).

Reporting Crimes and Other Emergencies

Reporting of Criminal Offenses at the Oregon Campus

Potential or actual criminal activity or any emergency on the main Oregon campus, including medical emergencies, should be reported directly to Campus Security at 541-259-0301 or to the Lebanon Police

Department by dialing 9-1-1. Any 9-1-1 call from a University phone will go directly to Campus Security. A 9-1-1 call from a cell phone will automatically be directed to the Lebanon Police Department. Upon receipt of the emergency call, Campus Security officers will be dispatched immediately to the site of the complaint and will simultaneously summon additional emergency resources as needed.

The University encourages students and employees to report all criminal offenses and other emergencies to the Campus Security Department at 541-259-0301, as soon as possible. At all times, **if you see something, say something**. Call Campus Security right away if you see someone or something suspicious. Call us at 541-259-0301, use the LiveSafe app, or you may report in person at the Campus Security Office. As always if it is an emergency call 9-1-1.

For the purpose of making timely warning reports and annual statistical disclosure, criminal offenses should be reported to local law enforcement agencies or Campus Security at 541-259-0301, and/or to any of the other designated Campus Security Authorities (CSAs) as defined below, including staff of the following departments:

- University Student Affairs 541-259-0220;
- Title IX Coordinators 541-259-0220 or 541-259-0222

Reporting of Hate Crimes

As defined by ORS Section 166.155 for Oregon, a hate crime or a crime of intimidation means any act by force or threat of force, physical intimidation, physical harassment or physical violence directed against any person, group of persons or property of such person or group of persons in whole or in part because of one or more of the following characteristics of the victim(s): disability, gender, nationality, race or ethnicity, religion, sexual orientation, or association with a person or group with one or more of these actual or perceived characteristics. WesternU expressly prohibits any act or conduct that constitutes a hate crime or any act of hate violence. All suspected incidence of hate crimes or other acts of hate violence should be reported to Campus Security, University Student Affairs, other designated CSAs and/or the Lebanon Police Department. The

Clery Act defines a hate crime as “a criminal offense that manifests evidence that the victim was intentionally selected because of the perpetrator’s bias against the victim,” and requires reporting of hate crimes in the following categories: race, religion, sexual orientation, gender, gender identity, ethnicity, national origin, and disability.

Reporting of Criminal Offenses and Other Emergencies at Additional Campus Locations

Potential or actual criminal activity or any emergency, including medical emergencies, should be reported directly to the local law enforcement agency for that campus by dialing 9-1-1 or as listed below.

The University has established relationships with local law enforcement agencies for each of its additional campus locations. These agencies help provide proactive safety patrols of the University community and surrounding area.

For the purposes of making timely warning reports and annual statistical disclosures, criminal offenses should also be reported the Campus Security Department for the Lebanon campus at 541-259-0301, and/or to any of the other designated CSAs.

For Crimes In-Progress or Other Emergencies:

- 1) Reports of in-progress crimes may be made directly to the Police Department by dialing 911.

Authority & Jurisdiction of Local Law Enforcement Agencies & Security Personnel

WesternU has entered into a “Memorandum of Understanding,” (MOU), with the Lebanon Police Department to establish guidelines and clarify administrative responsibilities dealing with Part I and Clery reportable crimes and operational working relationships for the University’s campuses. The MOU between the University and the respective law enforcement agencies ensure the accurate and prompt reporting of all Part I crimes and Clery reportable crimes as soon as possible or practical. This ensures each agency can satisfy each other’s obligations to respond, investigate and report in a timely

manner.

Main Campus – Lebanon

The Campus Security Department is a non-sworn safety department that provides a safe and secure learning and working environment for the Lebanon community. The Campus Security Department enforces University policies, procedures, and the University’s vehicle code. Campus Security Officers perform routine patrol of on-campus and non-campus buildings and properties.

Campus Security Officers have private citizen’s powers to arrest. Oregon Statute ORS133.225 specifies that “a private person may arrest another person for any crime committed in the presence of the private person if the private person has probable cause to believe the arrested person committed the crime. A private person making such an arrest shall, without unnecessary delay, take the arrested person before a magistrate or deliver the arrested person to a peace officer.”

When engaged in the performance of assigned duties, Campus Security Officers may engage in the following activities:

- Observe and report:
 - Leaks and spills, including those of a hazardous nature;
 - Slips and fall incidents;
 - Fire emergencies;
 - Crimes in-progress;
 - Suspected crimes or forced entries;
 - Bomb threats; and
 - Intruders or suspicious persons.
- Campus Security Officers must refrain from the following:
 - Touching or attempting to clean up leaks or spills;
 - Handling hazardous materials;
 - Moving or touching a suspicious object or package;
 - Chasing down and/or restraining persons who violate the access control policy; and
 - Using physical force to remove a person from the premises.

When reporting in-progress crimes, fire and other emergencies, the Campus Security Officers will contact the appropriate emergency response agency by dialing 911. This is to ensure that all appropriate parties have the same information and can work together to ensure proper resolution of the incident.

Officers with Premier Security, Inc. are certified by Oregon’s Department of Public Safety Standards and Training. On occasion, PREMIER security officers respond to alarms and other requests for service. Since PREMIER security officers only have citizen’s arrest powers, criminal incidents are referred to the Lebanon Police Department.

Premier Security maintains an Illness and Injury Prevention Program, with a Program Administrator who has the authority and responsibility for implementing the provisions of the program.

Annual Disclosure of Crime Statistics

The Campus Security Department prepares this report, in conjunction with administrators from the main and off-campus sites, to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The full text of this report can be located at [Annual Security Report](#).

This report is prepared in cooperation with the local law enforcement agencies surrounding our main campus and Regional Campuses, Campus Security, University Student Affairs, and Title IX. Each University entity provides updated bi-annual statistical information on their crime statistics as well as their educational efforts and programs to comply with the Clery Act.

Campus crime, arrest and referral statistics include those reported to local law enforcement agencies, the Campus Security Department, and other designated Campus Security Authorities (CSA's) as defined below.

All statistical information received from local law enforcement agencies is compiled by the Campus Security Department as reported by the reporting agencies. A letter or e-mail is sent yearly to all the local law enforcement agencies of all WesternU Lebanon campuses requesting crime statistics for designated University-controlled property classified as Clery geography to maintain Clery compliance.

Campus Security Authorities

A Campus Security Authority is a campus security official or other official with significant responsibility for campus and student activities. A CSA has responsibilities under Clery to report information for timely warnings and for collection of crime statistics.

- Administrators at Off-Site WesternU locations
- Campus Security Staff
- Deans
- Faculty or staff advisors to student organizations
- Members of the President's Cabinet
- University Student Affairs
- Title IX Coordinators

Daily Crime Log

A copy of the daily crime log is maintained at the Campus Security front desk and in Premier Security's Incident Tracking System and can be viewed by request at the Campus Security Office at the Lebanon and Pomona campuses. Each guard, as they sign on for a shift, reviews the logbook during pass down procedures in addition to receiving a verbal briefing regarding the previous shift from the outgoing guard. Logbook pages are archived digitally by Premier Security for future

reference and can be viewed by the WesternU Director of Campus Security. Other regional campuses do not have a daily crime log since those campuses do not have security personnel on site and the local law enforcement agencies who patrol on or near the campuses do not have a written agreement or contract with the University for these services.

Voluntary Confidential Reporting

Optum Health (Optum) staff informs their clients of the options and procedures for reporting crimes to the Campus Security Department, to local law enforcement agencies, and/or on a voluntary or confidential basis for the purposes of inclusion in the annual disclosure of statistics, when they deem it appropriate and in the best interest of the client. A procedure is in place to anonymously capture crime statistics disclosed confidentially during such a session.

Security & Access Policy

Main Campus Security of Access to Campus Facilities

During business hours, the University (excluding certain offices and facilities) will be open to students, employees, contractors, guests, and invitees. Access to all University facilities are secured either by automated key locks or by hard key lock at all times.

Keys and Access cards are issued by Oregon Campus Operations. In the case of periods of extended closing, the University will admit only those with prior written approval to all facilities. Community members are instructed to close and secure their respective work area or classroom before they leave the location. The Campus Security Department will secure any doors that are found open while patrolling the campus.

The doors of all buildings will be secured around the clock. Emergencies may necessitate changes or alterations to any posted schedules. Areas that are revealed as problematic are documented by the Campus Security Department. The concerns are then forwarded to the appropriate administrator or office for review. These incident/maintenance reports document security, safety, and maintenance issues such as landscaping, locks, alarms, lighting, and communications.

Monitoring & Reporting of Student Criminal Activity at Non-Campus Locations

The University does not recognize and is not aware of any non-campus locations, including non-campus housing facilities, owned, or controlled by student organizations officially recognized by the University. There is no agreement or policy by or between the University and local law enforcement agencies to monitor activities of any officially recognized student organizations at non-campus locations.

Emergency Notification, Timely Warnings, and Evacuation

Emergency Notification

In the event of an immediate threat existing on the University's campus, the Vice President for WesternU Oregon/Dean, Vice Dean, Assistant Dean of Student Affairs, Senior Director of Operations and Manager of Public Affairs comprise the Emergency Assessment Committee. The

committee will meet in person or by phone and will confirm if a serious incident occurred or is occurring that may present an immediate and/or continuing threat to anyone on the campus. They will also decide who should be notified.

An “immediate” threat as used here includes an imminent or impending threat, such as a large fire is burning on or near the campus. The committee will consider the safety of the community in developing the content and issuing an emergency notification. Some examples of significant emergencies or dangerous situations are:

- earthquake
- train derailment
- gas leak
- terrorist incident
- armed intruder
- bomb threat
- civil unrest or rioting
- explosion
- nearby chemical or hazardous materials

In the absence of any member of the committee, and to prevent any delay, the Vice Dean, Assistant Dean of Student Affairs, Sr. Director of Operations and Manager of Public Affairs can initiate the Emergency Notification System unless notification will compromise efforts to assist a victim or contain, respond to, or otherwise mitigate the emergency.

Emergency Notifications are disseminated by one or more of the following methods: mass emailing, text message, phone call using the University’s notification system (Blackboard Connect), University’s website and social media platforms, “in person direct notification”, or [LiveSafe](#) to the affected campuses.

University’s Emergency Notification System

The University uses “Blackboard Connect” Campus Notification System as a means of notifying students, faculty, and staff of pertinent information for all campuses. The user will receive an email and can pick multiple ways of additional notification: text, phone, and cell phone. The system can be activated from any location that has access to internet coverage. The Blackboard Connect System notifies by email, or other optional methods, all individuals listed in the Banner system or can target designated groups on any of the University’s campuses.

The Blackboard Connect system is an automatic sign up for all Faculty, Students, and Staff in the Banner system based on current information provided by the user. The user must remain in the email notification queue but can opt-out of additional message formats such as text or cell phone notifications. The University uses the University email system for all current students and employees with no opt-out ability. It is the responsibility of the staff or student to keep their emergency contact information updated. To update, go to the BanWeb.

Timely Warnings

The Clery Act requires the University to alert the campus community to certain crimes that occurred on the campus in a manner that is timely and will aid in the prevention of similar crimes.

Although the Clery Act does not define “timely,” the intent of a warning regarding a criminal incident(s) is to enable people to protect themselves. This means that a warning should be issued as soon as pertinent information is available. Based on the urgency of the situation, the Director of Campus Security may consult with the Vice President of WesternU Oregon or the Vice Dean, to determine whether communication with local law enforcement is also needed. The Sr. Director of Operations, Assistant Dean of Student Affairs and Manager of Public Affairs may also be included in the discussion and would prepare appropriate notifications to be released to the university community.

Timely Warnings are disseminated by one or more of the following methods: mass emailing, text message, phone call using the University’s notification system (Blackboard Connect), University’s website and social media platforms, LiveSafe or “in person direct notification”, and posting of notification as an option when appropriate to the affected campuses.

Evacuation Procedures

The Oregon Campus Safety Committee conducts an emergency evacuation drill annually. The committee holds regular training drills for all Building Safety Coordinators and support staff in evacuation procedures in selected buildings on main campus, and Off-Site locations.

- Fire alarms or verbal notice will be used to sound the evacuation.
- Remain calm, walk quickly but do not run.
- Exit via stairway, DO NOT USE ELEVATORS. (All multi-level buildings are equipped with one or more evacuation chairs for disabled persons who cannot negotiate stairs on their own.)
- Follow instructions of the Building Safety Coordinators and Campus Security Department, Premier Security Guards, or other emergency personnel.
- Seek out and give assistance as needed to any disabled persons in the area.
- If time permits, turn off the power to all electrical equipment and close doors.
- Go to the designated Evacuation Assembly Area for your building. These are located outside away from the building. Keep roadways and walkways clear for emergency vehicles.
- WAIT FOR INSTRUCTIONS from emergency personnel. DO NOT RE-ENTER THE BUILDING until instructed to do so by the Campus Security Department, PREMIER Security Guards, or other emergency personnel.

The University’s publicized emergency operations plan, and evacuation procedures can be found at <https://www.westernu.edu/security/> (No emergency operations plan connected to this site)

The University’s Director of Campus Security maintains and keeps documented reports on all drills and evacuations. At least once during the academic year the Campus Security Department runs a test of the Blackboard Connect Campus emergency notification system. Tests and results are documented and stored within the Blackboard Connect System.

Earthquake Response

1. Each classroom on campus has a poster showing a schematic of the building floor you are on and the general area, and a recommended evacuation route.
2. Take time to know your primary evacuation route and scope out an alternative route, if for

some unforeseen reasons, the primary is unusable.

3. Know where your evacuation gathering site is and proceed there quickly.
4. You may not be returning to the building, so take car keys, purse, cell phone, medication, glasses, flashlight, wallet, etc.
5. Leave the building safely and efficiently.
 - DO NOT USE ELEVATORS
 - Walk, do not run
 - Feel doors for heat. If hot, seek another route
 - Evacuate quietly so you can hear emergency instructions
 - Use handrails in stairwells; stay to the right
 - Assist people with disabilities
 - Watch for falling glass and debris
 - Do not return to the building until instructed to do so by authorities

Campus Evacuation

1. Drive carefully through campus parking lots.
2. Drive to the nearest exit, even if it may not be your usual exit.
3. Follow the directions of Premier Security Officer(s) or other emergency response personnel.
4. Carpool if feasible.
5. Do not return to campus unless directed by authorities.

If the campus becomes the target of an attacker, if you cannot get away from the threat, it is important to immediately secure yourself and those with you in an area that better isolates you from the attacker. If discovered and directly threatened, use anything available to you as a weapon to fight off the attacker.

This response is called “Run, Hide, Fight” and is emphasized as a standard in responding to the Active Shooter and other forms of direct attacks upon the campus community members and facilities.

The University works with each of its Off-Site locations local law enforcement and fire service agencies to maintain accurate information and resources to assist these first responders as they arrive to stop and apprehend the attacker.

The following video link is provided to illustrate ways in which you can help yourself and others in an emergency situation. To view click the link below:

Sexual Assault, Domestic Violence, Dating, and Stalking Educational & Awareness Program

WesternU has programs designed to prepare, assist, and train the students and staff to confront and prevent serious campus problems.

- **Employee training** - Sexual Assault, Domestic Violence, Dating, and Stalking training for all new employees, and all current employees is completed by Human Resources upon hire date and every two years.
- **Student Training** - all newly matriculated first year students to complete an online training module. This program is offered by [EVERFI](#) and is called Sexual Assault and Prevention for Graduate Students. All continuing students are required to take “refresher” online training courses on an annual basis. Failure to complete the training results in a notification to their appropriate college Dean and a hold on their student account.

University’s Statement Prohibiting Sexual Assault, Domestic Violence, Dating, & Stalking

WesternU does not tolerate any form of discrimination, and expressly prohibits any conduct constituting dating violence, domestic violence, sexual assault and stalking as those terms are defined by the Clery Act. The University will promptly investigate all allegations of sexual assault and take appropriate action when necessary.

Any student who individually or in concert with others participates in any of the following is subject to University discipline as well as criminal prosecution.

Definitions

Dating violence is defined as violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition, dating violence includes but is not limited to:

- Sexual or physical abuse or the threat of such abuse
- Dating violence does not include acts covered under the definition of domestic violence

Domestic Violence is defined as a felony or misdemeanor crime of violence committed:

- By a current or former spouse or intimate partner of the victim
- By a person with whom the victim shares a child in common
- By a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner
- By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred
- By any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred

Stalking is defined as engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for the person’s safety or the safety of others; or suffer substantial emotional distress; or repeated, unwanted, intrusive, and frightening communications from the perpetrator by phone, mail, and/or email.

- Repeatedly leaving or sending victim unwanted items, presents, or flowers.
- Following or lying in wait for the victim at places such as home, school, work, or recreation place.
- Making direct or indirect threats to harm the victim, the victim's children, relatives, friends, or pets.
- Damaging or threatening to damage the victim's property.
- Harassing victim through the internet.
- Posting information or spreading rumors about the victim on the internet, in a public place, or by word of mouth.

Sexual Assault is defined as an offense that meets the definition of Rape, Fondling, Incest or Statutory Rape as used in the [FBI's Uniform Crime Reporting Program](#) (UCR) and included in Appendix A of 34 CFR Part 668.

Consent is an affirmative, unambiguous, and conscious decision by each participant to engage in mutually agreed-upon sexual activity. The absence of “No” is not a “Yes.”

Consent must be given without coercion, force, threats, or intimidation. Consent means positive cooperation in the act or expression of intent to engage in the act pursuant to an exercise of free will.

Consent is revocable. Consent to some form of sexual activity does not imply consent to other forms of sexual activity. Consent to sexual activity on one occasion is not consenting to engage in sexual activity on another occasion. A current or previous dating or sexual relationship, by itself, is not sufficient to constitute consent. Even in the context of a relationship, there must be mutual consent to engage in sexual activity. Consent must be ongoing throughout a sexual encounter and can be revoked at any time. Once consent is withdrawn, the sexual activity must stop immediately.

Consent cannot be given when a person is incapacitated. A person cannot consent if she or he is unconscious or coming in and out of consciousness. A person cannot consent if she or he is under the threat of violence, bodily injury, or other forms of coercion. A person cannot consent if his or her understanding of the act is affected by a physical or mental impairment.

Whether the respondent has taken advantage of a position of influence over a complainant may be a factor in determining consent. For purposes of this policy, the age of consent (18 years of age and older) is consistent with California Penal Code Section 261.5.

Procedures to Follow

If an incident of sexual assault, domestic violence, dating violence, or stalking occurs, it is important to preserve evidence as it may assist in proving that the alleged criminal offense occurred, or may be helpful in obtaining a protection order. A student who is a victim of a sexual assault is encouraged to seek immediate health attention and has the option of seeking treatment at Samaritan Lebanon Community Hospital Medical Center located at 525 Santiam Highway SE, Lebanon, CA 97355, 541-258-2101. When possible, a victim should not bathe, douche, use the

toilet, or change clothing prior to a medical exam – which is important both to address any health issues that may arise and for evidence collection.

Evidence of violence, such as bruising or other visible injuries, following an incident of domestic or dating violence should be documented by taking a photograph. On campus, this will be handled by the Lebanon Police Department. If the event occurred off campus, the local police agency will handle the documentation. Evidence of stalking, including any communication such as written notes, voice mail or other electronic communications, should be saved and not altered in any way. Provide this to the law enforcement officer or Campus Security officer who responds to your call.

Reporting Incidents of Sexual Assault, Domestic Violence, Dating Violence, & Stalking

The University encourages all individuals to seek assistance from a medical provider and/or law enforcement immediately after an incident of sexual assault, domestic violence, dating violence, or stalking. This is the best option to ensure preservation of evidence and to begin a timely investigative and remedial response. The University will assist any University community member to get to a safe place and will provide transportation to the hospital, coordination with law enforcement, and information about the University's resources and complaint processes.

Students and visitors are strongly encouraged to report such incidents to the Title IX Coordinators, Office of Student Affairs, and/or Human Resources.

All University employees have a mandatory duty to report all such incidents to the Title IX Coordinator or one of the following:

- Title IX Coordinators 541-259-0220 or 541-259-0222
- University Student Affairs 541-259-0220
- University Provost 909-469-8835

Assistance is also available from the University daily from the hours of 6AM to 1AM by calling Campus Security at 541-259-0301.

These offices will assist a victim of sexual assault, domestic violence, dating violence, and stalking in notifying law enforcement, if they elect to do so. Victims are not required to report to law enforcement to receive assistance from or pursue any options with the University.

Options for Involvement of Law Enforcement & University Authorities

Victims of incidents of sexual assault, domestic violence, dating violence, and stalking are not required to report to law enforcement in order to receive assistance from or pursue any options with the University. Likewise, such victims are not required to notify University authorities in order to report such matters to law enforcement and/or receive outside resources. The following options are available to such victims:

- Notify local law enforcement agencies;
- Notify designated University authorities and allow them to assist with notifying law enforcement;
- Notify designated University authorities and decline to involve local law enforcement;
- Decline to notify local law enforcement AND University authorities.

The University will comply with a victim's request for assistance in notifying local law enforcement and/or proper University authorities.

Restraining Order

Restraining Orders are court orders directing a violent person to stop harassing a victim or the victim's children. They may be obtained without cost and will be enforced by the Police Department.

You may apply for a Domestic Violence Restraining Order if a person has abused you or threatened to abuse you AND you have one of the following relationships with that person:

- Married, divorced, separated, registered domestic partnership, have a child together, dating or used to date, live together, or used to live together or.
- You are related within the second degree of affinity or consanguinity. This means mother or mother-in-law, father or father-in-law, child or stepchild or legally adopted child, grandparent or grandparent-in-law, grandchild or grandchild-in-law, sister or sister-in-law, brother or brother-in-law, stepparent, daughter-in-law, or son-in-law. The in-law must be through a current marriage.

IMPORTANT: You can also ask that other family or household members be protected by the Restraining Order. The person seeking protection is called the protected person. The person you want protection from is called the restrained person.

An order may be obtained to:

- Direct the attacker to leave the household
- Prevent the attacker from entering the residence, school, business, or place of employment of the victim
- Award the victim or other parent custody of, visitation with, a minor child or children
- Restrain the attacker from molesting or interfering with minor children in the custody of the victim
- Direct the party not granted custody to pay support of minor children, if that party has a legal obligation to do so
- Direct the defendant to make specified debit payments coming due while the order is in effect and/or,
- Direct that either or both parties participate in counseling

A Domestic Violence Restraining Order is always free. In many courts, free legal assistance is available, or you can represent yourself.

For the WesternU Lebanon campus, in order to obtain a temporary or regular restraining order, you must appear at the Linn County Circuit Court, 300 SW 4th Ave, Albany, OR 97321, (541) 967-3845 and file a petition requesting the restraining order. For all other regional campuses, you must

appear at the court that has jurisdiction based on your current place of residence, or the location police reports were taken, if any, involving the party to be restrained. The University will honor requests for assistance in complying with these orders.

Confidentiality

A complainant may make a request for confidentiality. This type of request means that the complainant does not want his/her identity known to the respondent or witnesses, or that the complainant wishes to withdraw a report. In these situations, the University will make all reasonable attempts to comply with this request; however, the University's ability to investigate and respond may be limited. Persons considered confidential support are professional counselors, and pastoral counselors.

The University is required by Title IX to weigh the complainant's request for confidentiality with the University's commitment to provide a reasonably safe and non-discriminatory environment. If the University cannot maintain a complainant's request for confidentiality, she or he will be notified by the Title IX Coordinator. In situations where a member of the University community becomes aware of a pattern of behavior by a single respondent, the University will take appropriate action in an attempt to protect the University community.

The University will protect the confidentiality of victims and other necessary parties, and will complete publicly available recordkeeping, including Clery Act reporting and disclosures, without inclusion of personally identifying information about the victim.

Personal identifying information is defined as individually identifying information for or about an individual, including information likely to disclose the location of a victim of domestic violence, dating violence, sexual assault, or stalking, regardless of whether the information is encoded, encrypted, hashed, or otherwise protected, including:

- A first and last name;
- A home or other physical address;
- Contact information (including a postal, e-mail or Internet protocol address, or telephone or facsimile number);
- A social security number, driver's license number, passport number or student identification number; and
- Any other information, including date of birth, racial or ethnic background, or religious affiliation that would serve to identify any individual.

The University will maintain as confidential any accommodations or protective measures provided to the victim, to the extent that maintaining such confidentiality would not impair the ability of the University to provide the accommodations or protective measures.

Confidential Reporting Options

OPTUM follows a strict policy of confidentiality between the client and OPTUM. No information regarding a client's experience can be released from OPTUM without the client's written permission. The fact that a person is seeing an OPTUM therapist does not appear on any academic

records. The person's identity is kept confidential from anyone outside of OPTUM. Please note, however, that in a professional counseling agency, confidentiality means that counselors may consult with each other regarding any of their clients.

Off campus options for confidential reporting of incidents of sexual assault, domestic violence, dating violence, and stalking include licensed professional counselors, rape crisis centers, and clergy or chaplains.

Exceptions to the Confidentiality

The right to confidentiality is protected by law. However, there are certain circumstances regarding life-threatening situations in which confidentiality may not be protected. These situations are:

- Reasonable suspicion of child abuse or situations in which a child is at risk of being abused (a child is any person under 18 years old)
- Reasonable suspicion of abuse of individuals who are gravely disabled and unable to care for themselves
- Reasonable suspicion of abuse of dependent elders (ages 65 or older)
- Serious intent to harm self
- Serious intent to harm another person

Employees may be legally required to report to other outside agencies (where appropriate) the minimal necessary information obtained during an encounter or counseling visit. Except in these situations, information communicated to Counseling and Psychological Services cannot be released without permission from the person seeking such services.

If you would like further information on this subject, University Student Affairs, CDHP Office, LEAD Office will be glad to provide it. If it is necessary to disclose identifying information, University Student Affairs and Title IX Coordinators will confer on what information needs to be disclosed, and to whom it needs to be disclosed. Only information necessary to provide the accommodations or protective measures in a timely matter will be considered. If it is necessary to disclose identifying information the victim will be informed before sharing personally identifying information the university believes is necessary to provide an accommodation or protective measure. The victim will be informed of what information will be shared, with whom, and why.

Available Interim Support

Upon receipt of a report of sexual assault, domestic violence, dating violence, or stalking, the University will provide interim support and reasonable protective measures to the victim to prevent further acts of misconduct, and to provide a safe educational, work and/or living environment. The University will determine the necessity and scope of any interim measures. The range of interim measures which may be applied to the complainant and/or the respondent include, but are not limited to no contact orders, academic accommodations, changes in class/work schedules, changes in housing assignments, and/or interim suspension.

The University will provide written notification to victims about options for, available assistance in,

and how to request changes to academic, living, transportation and working situations or protective measures. The University is obligated to make such accommodations or provide such protective measures if the victim requests them and if they are reasonably available, regardless of whether the victim chooses to report the crime to campus police or local law enforcement.

Written Notification of Rights, Options and Resources

Upon receipt of a report of sexual assault, domestic violence, dating violence, or stalking, the University will provide written notification to students and employees about their rights, existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available for victims both within the institution and in the community.

Disciplinary Review Procedures

Investigations of Complaints

Upon receipt of a complaint from any source (victim, campus safety, 3rd party, online, etc.), the Title IX Coordinator or designee will conduct an assessment or preliminary inquiry of the complaint, taking into consideration the nature of the conduct, the Complainant's expressed preferences, if any, as to course of action, and the necessity for any interim measures to protect the safety of the complainant and/or University community. If, during the preliminary inquiry, the investigator determines that there is reasonable cause to believe that prohibited conduct has occurred, the investigator will prepare and issue a "Notice of Full Investigation" to the Respondent and Complainant and begin the administrative review process.

Every effort shall be made to complete an investigation within sixty (60) working days of the date a formal complaint is made or soon thereafter as practical under and dependent upon the circumstances.

A Title IX Investigator is a University Official designated serving as a neutral fact finder and trained, for the investigation and evaluation of incidents related to possible violations of the [Non-Discrimination Anti-Harassment and Non-Retaliation](#). The investigation will be conducted by officials who, at a minimum, receive annual training on the issues related to dating violence, domestic violence, sexual assault and stalking and on how to conduct an investigation and hearing process that protects the safety of the victims and promotes accountability.

Notification of Findings

The investigator will inform the parties of the final determination. Notifications will be made using the parties' WesternU email account. Once emailed, notice will be presumptively delivered.

Notifications to the Complainant for harassment or non-sexual misconduct investigations will specify:

- The finding on alleged policy violation that impacted the Complainant;
- The relevant/appropriate sanctions and/or preventive measures that impact the Complainant; and
- Information on when the results that impacted or impact the Complainant (finding, sanctions and preventive measures) are considered by the University to be in effect.

The outcome notification for investigations related to Sexual Misconduct, will be made to all parties, without significant time delay between notifications. Notifications for investigations of Sexual Misconduct will specify:

- The finding on each alleged policy violation and the rationale supporting the essential findings to the extent the University is permitted to share under state or federal law;
- The relevant/appropriate sanctions and/or preventive measures and the rationale supporting the sanctions and/or preventive measures;
- Information on when the results (finding, sanctions and preventive measures) are considered by the University to be in effect; and
- Information on appeals options that are available to all parties.

Notification for all other investigations (not related to Sexual Misconduct), will be made to the Respondent and will specify:

- The finding on each alleged policy violation and the rationale supporting the essential findings;
- The relevant/appropriate sanctions and/or preventive measures and the rationale supporting the sanctions and/or preventive measures;
- Information on when the results (finding, sanctions and preventive measures) are considered by the University to be in effect; and
- Information on appeals options that are available to the Respondent.

Federal Education Rights and Privacy Act (FERPA)

The outcome of an investigation is part of the education record of the Respondent and is protected from release under the Federal Education Rights and Privacy Act, except under certain conditions. As allowed by FERPA, when a student is accused of a policy violation that would constitute a “crime of violence” or forcible or non-forcible sex offense, WesternU, Lebanon will inform the Complainant of the outcome as described previously.

In cases where WesternU, Lebanon determines through the investigation that a Respondent violated policy that would constitute a “crime of violence” or non-forcible sex offense, WesternU, Lebanon may also release the above information publicly and/or to any third party. FERPA defines “crimes of violence” that include arson; assault offenses (includes stalking); burglary; criminal homicide—manslaughter by negligence; criminal homicide—murder and non-negligent manslaughter; destruction/damage/vandalism of property; kidnapping/abduction; robbery; forcible sex offences; and non- forcible sex offences.
